The following peony plants are grown in fields that are cultivated only for the sale of plants. Flowers are not cut from these fields.

Divisions are taken from 2 to 5 year old plants that are grown on "new" land. We rogue our fields while they are in bloom to be sure that varieties are true to name.

Other varieties not listed are available in small quantities. Write for prices on large quantities.

Variety

BOWL OF CREAM

LATE FLOWERING

Patent Pending

Full double rose type, long-lasting flowers, large size bloom—clean, glistening cream white, having hidden golden stamens which tend to light up the center of the bloom. Robust grower, outstanding green foliage—especially adaptable for landscape planting. 9½" flowers, 31" tall.

Planting Tips: Plant peony roots in rich garden soil with eyes no more than 2" below the soil level. Water well. Peonies prefer full sun. Once established your ESTATE Peonies will live a lifetime.

Variety JAY CEE

Plant Patent 2011

MID-SEASON FLOWERING

The Jay Cee Peony is a striking example of the quality and perfection found in the new patented series of ESTATE Peonies. Flowers of this lovely red peony are large and double . . . with the petals tipped silver. Stems are stiff and strong and able to hold the 8" flowers even during stormy, rainy weather. The handsome, dark green foliage makes the Jay Cee Peony a plant with summer-long beauty. A magnificent display during blooming time.

Planting Tips: Plant peony roots in rich garden soil with eyes *no more than 2"* below the soil level. Water well. Peonies prefer full sun. Once established your ESTATE Peonies will live a lifetime.
